THE NEW YORK PUBLIC LIBRARY - YOU NOW NEED AN ACCESS CARD

George Van Riper

Starting June, 2003, researchers need to present an ACCESS card with a call slip to request materials and use items held in Special Collections at the Main Branch of the New York Public Library. The Library has introduced this policy for security purposes and to ensure greater accountability when researchers use library materials. It is relatively simple to get this card.

You get the Access card at the library - An application is available online at: <http://catnyp.nypl.org/screens/applycat.html> Bring a photo ID (e.g. driver's license w/photo). Get photo taken at library & get the card.

The ACCESS card will be good for three years. It is NOT valid in The New York Public Library Branch Libraries, the Brooklyn Public Library and the Queens Borough Public Library.

The Picture Collection at the NYPL

The Picture Collection Online at the NYPL is an image resource site for those who seek knowledge and inspiration from visual materials. It is a collection of 30,000 digitized images from books, magazines and newspapers as well as original photographs, prints and post-cards, mostly created before 1923.

ALBION PLACE FIRE COMPANY CIRCA 1900

John Conlon

My maternal grandfather Howard Brookman and other family members are pictured in this early 1900s Albion Place Fire Company, Paterson, photo. Handed down from my mother, who is still alive, the names of the persons in the photo were all indicated on the back of the picture. I am doing a lot of research from the Passaic County area and am working out the relationships between the Brookmans in this photo.

PORTRAITS OF EARLY PASSAIC COUNTY FIRE FIGHTERS

Taken from the Passaic County Society Historical Society Photo Collections

This undated photo of Paterson's Hook and Ladder Company No. 2 was located on the east side of Prospect Street (then number 615) near Ellison Street.

Passaic Steamer Company (undated photo)

Paterson's Engine Company No. 5 in this post-1902 photo was located on Water Street, west of Temple Street. The steeple of the Second Reformed Church can be seen in the distance on the left. Notice the "high water mark" from the flood of 1902 on the building before which the firemen are standing. Company No. 5 was later relocated to Van Houten Street.

In this view looking north on Main Street, Paterson's Engine Company No. 9 was stationed on Main, opposite Washington Avenue. This undated photo indicates the buildings behind the telegraph pole were removed for the Lackawanna R.R. Plaza. Notice the woman on the far right about to board the trolley car.

Fire Chief John Stagg and his driver George Pfitzenmeyer and their favorite horse "Ned" in front of Paterson's Engine Supply Company No. 1 on the west side of Hamilton Street, near Market. "Ned" was sold to a dairyman in 1913 and died shortly afterwards. Horses were always specially selected for fire duty.

Wearing a helmet bearing his initials, an oil lamp lights the way of Chief Engineer John Bowering, in this very early undated photo.

RECORDS OF WEST MILFORD PRESBYTERIAN CHURCH

Taken from card files in possession of Lawrence E. Terhune - Copied by Vince Struble, June 1972

Inhabitants of "Long Pond Settlement & Vicinity" drew up articles of agreement for the building a "Presbyterian Meeting House" in 1806. It organized as the Presbyterian Church in 1819. The church still stands on its original foundations at 1452 Union Valley Road, West Milford, NJ. (Excerpted from the Webpage of the West Milford Presbyterian Church <http://fm2.forministry.com/church>). Subsequent records of the West Milford Presby will appear in future issues of *The Castle Genie*.
